Coming Religious Persecution

ercise, can nevertheless draw absolutely no comfort from their impending doom. The persecution which will liquidate them will also undertake to wipe Christianity from the Eurasian land mass, and, ultimately, from the whole world. It will persecute the one as ruthlessly as the other. Roman Catholics must now prepare themselves for the loss of Rome as headquarters of the Church. This is now practically a sure thing. Rome has stood for centuries as the Beacon Light of the West. The Church was indeed the mother of the European nations, of races and languages, of culture and achievements. The keenly-attuned waking-consciousness of Western Man was nurtured in the bosom of the Church. The Church brought to the half-naked barbarian tribes of Europe an untold accretion of culture. The great technological achievements of the West could not have been made by tribes evolving straight from Barbarism. Without the Church, Western Civilization would have been a weak and paltry affair, perhaps comparable to the civilization of the Mayans in ancient Mexico, limited in scope and achievement.

Yes, the Church was the mother of nations, but now her ingrate children are about to turn against her. It stems from the vaunted Israeli victory of June, 1967. The real meaning of events in the Middle East is that Europe is flanked by Russia in a fatal way. The nations of Europe are rushing to get onto the Russian bandwagon while the getting is good. Christianity is among the baggage they will discard in this unseemly rush. The nations of Europe, including Italy, will rush pell-mell into the new Paganism. Eternity will be swapped for fickle time; mortal man knows that the god Chronos devours his children. Fickle, mortal man is always too eager to swap the Eternal Treasure for the quick rewards of passing Time.

In the coming persecution, it will do you no good to be an Atheist, either. The Pagan is NOT an Atheist. He is a believer in a religion. The Pagans hate the Atheist; indeed, this is one of the most virulent religious hatreds of our time. Atheism is the mere hobby of Acadamedians; it is not really a powerful force in our time. It began as the hobby of the Eighteenth Century rich; it was always more or less merely a mask for Paganism anyway. The masses demand their Pagan gods; they regard the Atheist as a blasphemer.

The world in which you live today, having been stripped of effective Christian influence, is now about to go spinning backward for hundreds of centuries, back to the ages of the Pagan gods, of their black violence and perversity, their whimsical indifference to the fate of man. These are really the ONLY alternatives available to Man: Monotheism or Paganism. Such things as Atheism and Marxism are merely short-term interlopers in the picture; they do not last. During the last 100 years, the Reverend Clergy have occupied themselves enormously, indeed almost exclusively, with controversies against Atheism and Marxism. All the while, Paganism has been ticking away like a time-bomb set to go off in 1967 and blow their cosy little intellectual world over the moon. By concentrating on Atheism and Marxism, the Clergy have demonstrated their own decadence and incompetence, and their subservience to the Secular order which sought to sustain itself by pseudo-controversy about Marxism. Today the Clergy are ill-armed to go to war against Paganism. Many of them do not appear even to know what it is. One cannot believe that the decadent Ecclesiastical machine of today will fight a strong battle against the emerging Paganism.

Yet Paganism must be fought, if Man is to survive as a species. It is likely that the Christians of Europe will at last arouse themselves, too late, to fight a battle in which they will be defeated. The real battle will have to be fought later, by regrouped and reorganized forces, somewhere else. Make no mistake about it: It will have to be a MILITARY battle. The

MOTIVATING FORCE BEHIND MODERN SOVIET PAGANISM

age when battles were won by mere "controversy" and "opinion" is over. Mere opinions and ideologies no longer really count for anything at all. NAKED FORCE has taken charge in the world. Its "ideology" lies at the point of a sword, or in the nose of a 100-megaton bomb, not in any book ever written. The ideological bankruptcy of the world today is complete.

This is what really lies behind the defeat of the Jew. The modern Jew is an ideological creature. He believes in the "Victory of Great Jewish ideas." At the time of the October Revolution in 1917, Moscow was full of signs in Yiddish, proclaiming the victory of Jews. What ever happened to the victory of the Jews in Russia? Many readers of COMMON SENSE write to us to insist that the Jews are still in power in Russia. Frankly, we do not believe this. We believe that Soviet Anti-Semitism is real. We believe that Russian Jews stand on the brink of untold disaster. Let us now examine the forces which have undermined Jewish power in Russia. Over the past year, we have published a number of articles about intrigues which took place in Russia. We have pointed up the importance of the murder of Leon Trotsky. Nevertheless, these intrigues alone do not fully account for the downfall of the Jews in Russia. The main thing is the emergence of NAKED FORCE as the predominant factor of power in Russia, replacing intellect and wit. The main talents of the Jew lie in the intellectual field. He is a skilled manipulator of ideological charlatanry. During World War II, the Army emerged as the principal holder of physical force and power in Russia. In a way, Hitler can laugh at the Russian Jews from his unknown grave. By forcing Russia into war, he built the power in Russia which destroyed the Jews. Prior to the war, the Jewish Secret Police held the main lines of physical force and kept the Army divided. In war against Hitler, this situation could not be maintained. The Army Marshals began to view the Jews and the Secret Police with a jaundiced eye.

We are told that the final showdown happened when the Army was on maneuver near Moscow. Suddenly two army divisions swept into the City and surrounded the infamous Lubkiana Headquarters of the Jewish-dominated Secret Police. The Jews inside the building were slaughtered like so many swine. Thus power passed from the Jews in the Secret Police to the native Russian Marshals of the Army. We were not there. We did not see this happen. We could not swear under oath that it did happen. Our informant is a well-placed person whose information passed to us has been accurate over a long period of years. We believe it.

Actually, it makes no difference exactly how the thing happened. The public actions of Russia have made it perfectly clear that the Jews are no longer in control there. If you want to believe that they are, then you are simply living in the past. Regardless of the exact details and intrigues, the downfall of the Jews in Russia was caused chiefly by one thing: THE EMERGENCE OF A POWER-PRINCIPLE WITH WHICH THE JEWS ARE NOT QUALIFIED TO COPE. The original plan of the Jewish Revolution in Russia was to "expend" Russia in a revolutionary campaign against Western Europe. This failed for a variety of reasons. Not the least of these reasons was the U.S. Presidential Election of 1920. In 1920, we voted into office people who would not "go along" with the Jewish plan for Russia. Things went wrong in the years between 1920 and 1933 which the Jews were never able to rectify. In 1933 we elected an Administration obedient to the Jews; in every election from 1933 to 1952, we really elected Bernard Baruch President of the United States; but in the critical years between 1920 and 1933, things went badly wrong for the Jews. Leon Trotsky was murdered; Hitler arose in Germany; so that, although the Jews had originally planned to weaken Russia and wipe out Russian military power, they now had to encourage Russia to fight against Germany. In fighting, Russia recovered her Nationality, which the Jews had striven to destroy. As the Scottish Bard said, "THE BEST LAID PLANS OF MICE AND MEN GANG AFT AGLEY . . . ."

The Jewish principle of INTELLECTUAL POWER in Russia was undermined by the principle of NAKED FORCE. Russia today relies 100% upon naked force, and hardly at all upon Communist ideology. When Russia set out to take over the Middle East in 1967, she sent no Communist agitators; she applied naked force judiciously. Russia now HAS taken over the Middle East, and, with it, the nations of Western Europe; and, with them, Russia has taken control of the "World Island."

Now the World Island is to be ruled by naked, Pagan force, and the emergence of a Pagan religion is a sure-fire thing. Moreover, the new Paganism will be a COMPULSORY religion. The New Empire will demand universal acceptance of it. "Either bow down before the Idol and worship it, or be put to death." With the flimsy power-structure of the World Island Empire at stake, and depending upon the rapid formation of supporting beliefs, the New Empire will be absolutely ruthless in its religious persecution.

There, Mr. Jew! There, Mr. Catholic! There, Mr. Protestant! See how trivial and silly have been your contentions of recent times! See how ignobly you have prostituted yourself to the most venal influences! What now, Little Man? How will you meet this new menace? Most of you will run and surrender, or else you will appease and try to bargain. You have filled the world with your mediocre gasbaggery for a hundred years. You have compounded the spiritual confusion of the masses. Now they will desert you and rush to the other side. Jewish heads will roll; St. Peter's and the Vatican will go up in smoke; famous old churches and cathedrals of Europe will become horse stables. Come, Mr. Jew! Let us see you try to put some self-confidence into your voice when you prattle your Freudian-Marxian nonsense! Come, Mr. Catholic Conservative! Let us hear you deliver a passionate oration against "Godless, atheistic Communism." Come, Mr. Protestant! Do I see you marching in a Civil Rights parade or a Vietnik demonstration? It is not the Atheists who have destroyed religious faith in our time; sad to say, the job was done mostly by the Reverend Clergy.

But we are all creatures of instinct, and Civilization itself is more the product of lust and instinct than of intellect. This is the real tragedy. The so-called "leadership" of the West has no intellect at all; it acts from instinct, and its vital instincts are burned-out, weakened, false. The Germans tried to bring intellect to the rescue of the West; but Germany was a small nation and was defeated. Nobody else has even tried to bring intellect to the rescue of the West. Our "Conservatives" in America shout their undisciplined desires at the top of their voices and promise to "save" us from Communism. I would not trust them to save me from a ferocious poodle dog. The Jews who have been our real rulers for decades are bankrupt and helpless. Our political system sends a new crowd of amateurs to Washington every four years, or every eight years, to compete with the full-time, lifelong professionals of the New World Island Empire.
